

Dear national association!

UATA refers to you for support.

Now we need the help of colleagues volunteers, who speak Ukrainian, Russian in order to conduct:

- debriefings for UATA members;
- supervisions for colleagues volunteers who provide psychological assistance to affected fellow citizens;
- seminars about post-traumatic syndrome.

If possible, we ask for the contacts of these specialists or for them to contact us.

Warm regards,
President, Delegate and Board of UATA
